MINISTRY OF AGRICULTURE  
(DEPARTMENT OF AGRICULTURE & COOPERATION)  
DIRECTORATE OF MARKETING & INSPECTION  
BRANCH HEAD OFFICE  
NEW SECRETARIAT BUILDING  
NAGPUR

**2004**

## PREFACE

The Directorate of Marketing and Inspection had brought out three Directories of "**Wholesale Agricultural Produce Assembling Markets in India**" in the year 1963, 1992 and 2000. These Directories were found to be of immense use by the Government departments, research scholars, other markets functionaries and the farmers. The Directory on Agricultural Produce Markets facilitates and provides authentic and supportive information to farmers for competitive selling of their produce at optimal price. The dissemination of complete and accurate market information plays key role in improving both operational and pricing efficiency in the agricultural marketing system.

Efforts have been made to incorporate the information on the newly established markets, their postal addresses, telephone and fax numbers, name of the nearest railway station with distance, infrastructural facilities available, and commodities transacted in the markets. The listing of markets has been compiled state-wise and district-wise on the basis of information collected from the State Agricultural Marketing Departments / State Agricultural Marketing Boards through the Regional / Sub-offices of this Directorate located in various parts of the country. The co-operation extended by all the organizations / offices are thankfully acknowledged.

The Directory has been compiled by S/Shri P.J.Chimalwar and C.M.Tabhane, Assistant Agricultural Marketing Advisers under the supervision of Dr.V.K.Verma, Dy.Agricultural Marekting Adviser and Shri H.P.Singh, Jt.Agricultural Marketing Adviser, Branch Head Office, Nagpur under the overall guidance of Dr.G.R.Bhatia, Addl.Agricultural Marketing Adviser.

The Government of India should not be regarded as assuming responsibility for any of the information contained in this Directory.

**Explanatory Notes :** (1) The Uzavar Santhais have been set up in Kanchipuram, Chengalpattu & Pallvaram in this district. The salient features of these Santhais are : (i) The fruits & vegetables produced by the farmers are directly sold to the consumers. (ii) No involvement of middlemen (iii) Fair and just price for the farmers produce and reasonable price to the consumers. Since these santhais are of retail nature the same has been left out. (2) In Alandur, the wholesale trade is carried on in two roads in private premises in the midst of a residential locality. Since there is no market complex as such, the address of the Rice Wholesale Merchants Association is given as the address. (3) In Pallavaram the cattle market is run by private parties who obtain land in auction/lease to hold the trading activity from the Contoment Board. The trading in the market takes place only on Friday. (4) Kanchipuram is the main paddy market in this district but the bulk of the trading takes place in the shops situated in paddy mandi street which is about ½ to 1 km. away from the market.
